why is it that  
we come here  
to the  
university of  
montana?

primarily we  
come to learn . . .

our quest  
for  
knowledge  
is constant  
and is  
satisfied  
in many  
ways . . .

we may learn  
by observation . . .

by participation . . .

by comradeship . . .

by private reverie  
and study . . .

by activity . . .

by following . . .

by leading . . .

student life is different  
from all others.

we learn only by reacting  
to all the aspects of our  
environment.

the learning that we begin  
here marks the start of a  
lifetime commitment.

our education is a life long  
tool and our most valuable  
resource.

we own it; no one can take  
it away from us.

we will remember our  
college years as an  
important part of our  
lives—apart from  
all else

but the fun of the years  
that we spend here will  
soon become only a  
happy reminiscence .

time it was,  
and what a  
time it was,  
it was . . .

a time of  
innocence

a time of  
confidence

long ago . . .

it must be . . .

preserve your memories;  
they're all that's left you.

ED LEARY, ASUM President

# Criticism Could Produce Change in Election of Officers

GAIL AABERGE, ASUM Secretary

Officers do criticize the system under which they work. John Barsness, ASUM business manager, attacked the Central Board for its ineffectiveness. He further criticized the executive board for its poor leadership because members were unable to meet. Ed Leary, ASUM president, reminded Central Board members that they ran for office on particular platforms, but after being elected, they had done nothing. This internal strife could produce change. There is a proposed plan calling for the election of the president, vice-president, and business manager by the students. The secretary would be a non-voting member appointed by the president. So there could be change and not only in regard to the officers.

No longer on the activities ticket, the yearbook had a struggle for life. The tradition of the *Sentinel* was started in 1904 and had continued since as an annual record of the history, the greatness and frailties of student life at the University. 1969 (although greeted with horrified astonishment by the staff) proved to be a year full of stumbling blocks.

## a Wide Diversity of teams

Starting the season off with four non-conference games, the Grizzlies met with the Universities of North and South Dakota on consecutive weekends, defeating the University of North Dakota Sioux in the first game, 37-10, and dropping the second game to the University of South Dakota Coyotes, 21-0. Coach Jack Swarthout brought his team home the third game, handing Portland State College a 58-0 loss. The Grizzlies scored more points in this game than had ever been scored in a University of Montana football game, not considering the fact that they also held Portland scoreless. With a record of two wins and one loss, the Grizzlies met with Utah State University the following weekend, but finding it hard to stop the running of the Aggie backfield, a second Grizzly loss resulted, 50-3. The last non-conference game to be played was also the last game of the season against the University of Northern Arizona Lumberjacks, the Grizzlies losing this game by a score of 8-0.

In conference action this year, the Grizzlies battled their way through a tough season, but ended up empty-handed with a record of 0-4. Offense proved to be the important factor in the first and second games, each totaling 101 points. Beginning with the University of Idaho, the Grizzlies fought desperately, scoring 45 points only to lose the game to the higher Vandal score of 56 points. The following weekend the Bengals of Idaho State University dealt the Grizzlies their second loss in conference play by a score of 64-37. Skipping to the last game of the conference season, again the result was not in the Grizzlies' favor, with Weber State College edging by with a final score of 29-24.

Meeting their arch-rival Montana State University on home ground this year, the Grizzlies played a hard fought game. They led their opponents through most of the game, but found the Bobcat last quarter rally too much to handle, losing in the last minute of play by a score of 29-24.

Above, below, and left are pictures from the intramural football game between Sigma Phi Epsilon and Sigma Chi. Games such as this one could be seen regularly during fall quarter between a variety of independent and Greek teams. Tournament action this year saw Phi Delta Theta win its second consecutive championship, with BFD's, Lagnaf, and the David Linns' finishing second, third, and fourth consecutively. Members of the Phi Delta Theta team consisted of Dan Eliason, Bruce Heidecke, Bob Corr, Ken Cummings, Jim Hutchinson, Dan Crowley, Ken Gillette, Charles Rutherford, Toby Mercer, Bill Taber, Dan Jacques, Gary Lowery, Russ Huggins, Greg Rorvik, Jim Allison, Emmet Cleary, Terry Robinson, Ron Madeen, Mike McGrath, Lorin Wright, and Dave Ross. At top left, coaches Lou Rocheleau and Bob Cope anxiously watch a game between Montana State and the Grizzlies while George Yule, Grizzly center, attempts to win the jump at top right. Enthusiasm is always present at such games, especially when they are between the Bobcats and the Grizzlies as indicated directly above.

U of M women enjoyed a variety of competitions this year. WRA offered both competitive and recreational sports throughout the year.

Linda Long (below) sprints to the finish in the butterfly event of the WRA swim meet as several soggy ladies take time to catch their breath between swimming events (middle below).

Washington State University proved to be a trying team for the Grizzlies, with the score pushed to 100-96. Mike Heroux, far left corner, took a well deserved rest from his difficult task of hustling illustrated at far left. It was an offensive game consisting mainly of shooting and rebounding. Ron Moore again displayed his skill and determination, playing with a wrapped right leg, below left and below right. To keep the final margin at four points, Coach Bob Cope ran over some final tactics with the Grizzlies, directly above.

Such referees, as pictured at the top of the page, cautiously observe wrestling holds and maneuvers similar to the ones seen above and left, and prevent illegal and sometimes harmful moves while directing individual points.

Top left, substitute Pete Dratz strains to gain control of his Eastern opponent. Far left, Wayne Mathews cautiously eyes his opponent, waiting for the precise moment to make his move. Bottom left, Doug Robbins dives for an opening to get his take down. Left, Ron Mehrens receives the decision of his match. Mehrens finished the regular season with seven wins and only one loss, having three pins.

Brantly Hall began the year as the only women's residence that had the "no-hours" privilege. The women living in this upperclass dorm experienced new freedom and a different type of dorm atmosphere. Instead of sponsoring social functions, the women used the money to purchase items for their dorm. One of these was a color television set. They also purchased four new bicycles (above) that were available for the women to check out. At right is part of the famed "Brantly Beach" which is always well populated following the first rays of spring.

In the spring the women had an open house and men were allowed on the upper floors (above and right).

# Knowles Hall

Knowles Hall is the newest of the upperclass women's dormitories. The big innovation this year was the transfer to "no hours." The dorm, under the leadership of President Sue Larson, also sponsored a Christmas party, a formal (right and lower right), a spring function with a Mexican theme, and an open house (below). The women placed second in the Sig Alph Olympics, with Linda Ambrose earning the title of Lady Jock.

Some of the outstanding women at Knowles are pictured at upper left. They are (from left), Patti Zieski, Homecoming Queen and cheerleader; Judy Strauss, past Sigma Chi Sweetheart; Carol Howell, past Rodeo Queen; Mary Lou Scott, Snow Queen; Liz Curtis and Cyndi Still, cheerleaders. Holding dorm offices this year were: Margaret Gerhardt, Secretary; Rita Donahue, Treasurer; and Judy Cook, Standards Chairman.

## Turner Hall

This year, due to the growth of the University, Turner Hall became the second Freshman women's dorm. Vicki Marshall was elected president of the dorm and the girls had some activities with Jesse Hall plus those of their own. As pictured above, the women and their dates enjoyed a spring picnic in Greenough Park. A facility that has popular appeal is the volleyball court behind Turner (below).

One of the big, and welcome changes, was to have the Elrod parking lot paved.

While only Freshman men are required to live in University dormitories, there is still space available to upperclassmen, and all men have unrestricted hours. Like the women they eat at the University Food Service in the Lodge.

## Married Student Housing

The University of Montana has available to married students and their families, apartments and town house type buildings. This housing is made available at a rental fee which has the student's income in mind.

Within the area are playground facilities for children, laundromats, and a recreation center for adults. Also included in the area are several large concrete sculptures.

## Council Worked for Greater Greek Unity

The Greek community, realizing that it cannot retain its old ways if it is to survive, began this year to make some changes. The fraternities introduced a new form of rush last fall. In the spring, Panhellenic, under the guidance of its new president, Marilyn Lund, made several significant changes in its constitution—in particular to relax and eliminate old rulings. Both groups are devising better rush programs. Through the efforts of both organizations Greek Week, a new tradition at U of M, was accomplished. Also new this year was the Junior Greek Council, composed of freshman representatives from all sororities and fraternities. This group began to work on service projects.

### Interfraternity Council

*Above from left, row 1: Jeff Reuz, Secretary; Ron Mebrens, President; and Kevin McEwen, Treasurer. Row 2: Dennis Heffner, Brad Wenz, Will Farstenan, Matt Zarko, Scott Dahmer, Jack Ballard, Craig Wilson, Vice President; Allen Christopher, Mark Staples, Tim Callen, Jack Cloberty, Tod Briggs, and Dennis LaBony.*

# Being a Greek is Many Things . . .

Greeks begin each year with rush in order to pledge new members. Sorority rush is complete with costumes, theme parties, and entertainment. At left are the Thetas at their Grecian party and the A Phis (middle left) entertain with their "Alice in Wonderland" skit. Sorority pledges immediately become involved in Sigma Chi Derby Days. At lower right is a "derby dog-pile" and two victorious misses (far right). Mary Sheehy received the Derby Day Queen trophy from last year's winner, Helen O'Leary (right). At Homecoming time the Greek community joins with other campus groups and alumni for the traditional weekend. Below left, the Phi Sigs work to make chicken wire and napkins turn into a float for the parade. The Thetas and Delta Sigs (below) simulated a football game and cheering section on a flatbed.

## ... working together

Within any particular Greek House there develops a closeness that makes possible effective working together, whether it be for snow weekend (middle right) at the Sigma Kappa house, a tea (left) such as the Delta Gamma International Tea, a social function (below) at the Delta Sig Barn Dance or (upper right) DG Hidden Desire, a winning team at the SAE Olympics (below middle and right) as the Thetas, or to capture that intermural trophy (far right shows Sigma Chi softball team in action).

This year the Greek women worked together to establish "no hours" within their houses.

## Greeks end year with Greek Week

Included in the week-long affair were activities and competitions designed to bring the Greek community closer together. The week began with the Theta Chi Canathon and service projects. Each house entered the Noise Parade, made yard displays, participated in exchange dinners and officers seminars.

Pictured on this page are concluding activities. Below, men from each fraternity run to their bicycles for the start of the bicycle race sponsored by the Junior Greek Council. Saturday night was the All-Greek barbecue (above) at the Kappa house followed by the Greek Convocation (right). Outstanding Greeks, Loween Peterson and John Meyers, were also named at the Convocation.

President Robert T. Pantzer

University of Montana

## The Administration . . .

By careful estimate, the "quiet hero" of the University scene during the past year was its president, Robert T. Pantzer. While other campuses were racked with dissension, we enjoyed a relatively peaceful year, due in large part to the quiet actions of the sensitive and sensible man who occupies the corner office in Main Hall. When we had a state-wide uproar about teaching in the English department, he faced up to the problem by standing in defense of academic freedom. Any possibility that we might have had a racial issue to handle was largely headed off by instituting program changes in the curriculum. Students were given a chance to be heard on policy and academic matters before these subjects really became campus issues.

Serving *in loco parentis*, the Dean and his aides frequently act as a bulwark between the student and the vicissitudes of life on the campus—and at other times lower the boom when there are infractions of proper scholastic decorum. Andy Cogswell, Dean of Students, is greatly concerned with being *effectively* in charge, and he has spent more than forty years trying to help people understand one another.

His chief aide, Dr. Maurine Clow, Associate Dean of Students, serves in much the same capacity. She also acts as an advisor to AWS and Panhellenic Council.

The Assistant Dean of Students, George Cross, also has this same interest in the students. He is Inter-fraternity Council advisor and one of the chief pushes behind Freshman Camp.

"... soul stretched tight across the skies  
That fade behind a city block,  
Or trampled by insistent feet  
At four and five and six o'clock;  
And short square fingers stuffing pipes,  
And evening newspapers, and eyes  
Assured of certain certainties,  
The conscience of a blackened street  
Impatient to assume the world."

In Memoriam and

Tribute . . .

. . . Andrea Grauman

Andi, a senior in English and political science, died this spring following a brief illness. But her time here at the University of Montana was outstanding and filled with contributions to the University.

In the spring of 1967 she was elected Program Council chairman to serve during her junior year. She also served as Junior Class delegate to Central Board, as a member of the Women's Rights Advisory Board, Mortar Board, and as a former Army ROTC K-Dette. In her sophomore year she directed the Miss University of Montana Pageant. She had taught in the Upward Bound program in Missoula.

Following graduation this June she had planned to enter active service in the Air Force officer training program.

# Commencement begin with

Grants and other awards valued at more than \$19,000 were awarded to U of M faculty and students at the annual prizes and awards convocation June 3rd, with Dean Coonrod (left) as Master of Ceremonies.

Dr. John J. Taylor, associate professor of microbiology was named Outstanding Teacher of the Year and received \$500 Outstanding Teacher award and plaque through Phi Kappa Phi from the UM Alumni Association. President Pantzer also presented him with one of three \$1,000 Outstanding Teacher Awards from Standard Oil (Indiana) Foundation, Inc. (lower right).

Receiving other awards were Michael Harrington (middle left), the Grizzly Award for good scholastic record of a University athlete; Rick Hosler (lower left), Army ROTC scholarship; Lynn Carey and Joy Nicholls (below), books from the French government through Robert Luc, Consul General of France at Denver, Colo., and Suzanne Judah and Kathy Wruck representing Alpha Omicron Pi social sorority (right), the Air Force ROTC Citizenship Award.

## 740 Receive

Seven hundred forty men and women received degrees in June commencement activities. Nine schools on the University of Montana campus graduated students. Ninety-one graduated with honors, thirty-three with high honors.

Among those graduating was Pershing M. McClean (far upper right). Blinded four years ago, he decided to return to school in the fall of 1967. He received a B.A. degree in business administration and obtained a graduate assistantship to continue toward a master's degree at U of M. Lining up began at Main Hall and pictured below right is one of the graduates reflecting on her accomplishment. The graduates then took the traditional walk around the Oval (right) and then down to the Field House for the ceremony. Pictured at left is University President Robert Pantzer giving the charge to the graduating class.

## Forty-Six Cadets Commissioned

As a part of commencement activities thirty-four Army and twelve Air Force cadets received their commissions. All of the men will report for active duty sometime in the future—some immediately while some will still attend school.

Pictured below, at the Army commissioning, are the thirty-four cadets being sworn in. Brigadier General Richard L. Irby (right) hands commission to David E. Barney, who is now Second Lieutenant. At the conclusion the new officers receive their bars. Richard Alexander (above) has his bars pinned on by his girl.

## reflections on a yearbook . . .

"the 1969 sentinel has been many things — a new adviser and a new staff . . . decreased number of sales . . . brainstorming sessions — what changes can and should be made? . . . planning the theme . . . staff turnover throughout the year . . . the '68 book finally arriving . . . moving to the new office in the university center . . . pushing to meet deadlines, and not making it . . . getting the cover design . . . trying new ideas . . . meetings at the press . . . proofing copy . . . conferences with president pantzer . . . getting the first brownline . . . doing most of the work spring quarter . . . problems, problems . . . frustration . . . happiness with good layouts and pictures . . . excitement and satisfaction when it was finally finished!"

there are many people besides the staff members who have contributed much to the completion of the 1969 sentinel. thanks to—

patti hirst who did the cover design  
helen ahlgren and u of m information services who loaned us negatives  
bill schwanke who provided us sports information  
the people at the u of m press who printed the book—al madison,  
art jette, fred glaspey, willie steingas, don kludt, and karen strom  
. . . and chuck who swept out the joint.
